**Regulatory Statement:** MENDA Conductive C-Type and D-Type Connector Covers

Products 34205 through 34234 and 35780 through 35789

**EU Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)**

These products do not contain a currently listed substance of very high concern (SVHC) on the Candidate List above the threshold of 0.1% by weight, and/or do not contain a substance that is intended to be released.

The current REACH SVHC Candidate List amended 16 January 2020 (205 substances) can be located at <http://echa.europa.eu/Candidate-list-table/>.

**Directive 2011/65/EU (RoHS 2) on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment and Directive (EU) 2015/863 to Amend Annex II to RoHS 2 (RoHS “3”)**

Complete details of RoHS 2 are located at [http://ec.europa.eu/environment/waste/rohs\\_eee/legis\\_en.htm](http://ec.europa.eu/environment/waste/rohs_eee/legis_en.htm).

These products do not exceed the maximum concentration values (MCVs) set under EU Directive 2011/65/EU (RoHS recast/RoHS 2), as stated in Annex II to that directive. This means that each of the homogenous materials within this product does not exceed the following MCVs: (a) 0.1% (by weight) for lead, mercury, hexavalent chromium, polybrominated biphenyls or polybrominated diphenyl ethers; and (b) 0.01% (by weight) for cadmium.

These products do not exceed the maximum concentration values (MCVs) for phthalates set under EU Directive 2011/65/EU (RoHS recast/RoHS 2), as amended by EU 2015/863, which applies to finished EEE after July 22, 2019 for Category 1-7, 10-11 products and after July 22, 2021 for Category 8 and 9 products. This means that each of the homogeneous materials within this product does not exceed the MCV of 0.1% (by weight) for each of the following phthalates: DEHP, BBP, DBP, and DIBP.

**Conflict Minerals**

Conflict Minerals, according to the U.S. Dodd-Frank Wall Street Reform and Consumer Protection Act, are defined as gold, tin, tantalum, or tungsten originating from the Democratic Republic of the Congo (DRC) or adjoining countries. The above-listed products do not contain conflict minerals, and MENDA does not use conflict minerals in any formulated materials.

**California Proposition 65**

Substances identified by The Safe Drinking Water and Toxic Enforcement Act of 1986 are below the “safe harbor” limits.

The product composition information is to the best of our knowledge and may be based on third party supplier information and/or our knowledge and experience regarding typical substance composition found in materials used in ESD control and other products.

See MENDA’s limited warranty which states in part: “If this product is defective within the warranty period stated above, the exclusive remedy shall be for MENDA, at its option, to replace or repair the MENDA product or refund the purchase price of the MENDA product. EXCEPT TO THE EXTENT PROHIBITED BY LAW, MENDA WILL NOT BE LIABLE FOR ANY LOSS OR DAMAGE ARISING FROM THE MENDA PRODUCT OR THIS AGREEMENT, WHETHER INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL REGARDLESS OF THE LEGAL THEORY ASSERTED. IN NO EVENT SHALL MENDA’S LIABILITY HEREUNDER EXCEED THE PURCHASE PRICE OF THE GOODS PURCHASED FROM MENDA WHICH GIVE RISE TO A CLAIM.”
